VOLUNTEERS OF YEAR ARE COMMANDING COMPANIES

MODERN WAR A FOLLY

Is Opinion of Wounded German Officer—Documents Found By French Captors Give Version of the Terrible Toll Demanded In Present Battle.

(ASSOCIATED PRESS TELEGRAM)
Bordeaux, Sept. 19.—Via Paris.—There has been given out officially here information concerning incidents of the fighting and personal experiences which had been furnished by German prisoners or obtained from documents seized by French troops.

It relates particularly to the fighting around Reims between the eleventh and the sixteenth of September.

A German artillery officer wrote: "Modern war is the greatest of follies. Companies of 250 men in the Tenth army corps have been reduced to seventy men, and there are companies of the guard commanded by volunteers of a year, all the officers having disappeared."

The following is taken from a letter written by a German captain of infantry:

"We were surprised by the French and I lost my company. Searching for it in a village I was made a prisoner. Now my fate is in the hands of God."

Another German officer who was captured at Reims said:

"For tactical reasons the guard had to retreat. We had many killed and wounded. The first battalion of the first regiment of the guard has not another officer. The French artillery fired so well that we could not discover its site. General von Schack and the Colonel of the second regiment of artillery of the guard are among the killed."

"With what grief we learned each evening of the death of our comrades" this officer continued to one of his captors. "It is necessary to have lived the battle, and to find one's self in the evening without food and with only the hard earth for a bed, to appreciate the truth of the words 'warm was that day and bloody the battle; cold is the evening and calm is the night.'"

The following is from a letter written by a Lieutenant of the 26th German artillery.

"The Tenth corps has been constantly in action since the opening of the campaign. Nearly all our horses have fallen. We fight every day from five in the morning till 8 at night, without eating or drinking. The artillery fire of the French is frightful. We get so tired that we cannot ride a horse, even at a walk. Toward noon our battery was literally under a rain of shrapnel shells and that lasted for three days. We hope for a decisive battle to end the situation, for our troops cannot rest. A French aviator last night threw four bombs, killing four men and wounding eight, and killing 20 horses and wounding 10 more. We do not receive any more mail, for the postal automobiles of the Tenth corps have been destroyed."

An officer of the Prussian guard regiment said:

"My regiment left for the front with sixty officers; it counts today only five. We underwent terrible trials."

\$100,000,000 GOLD FUND.

Washington, Sept. 19.—The bank plan for a \$100,000,000 gold fund to meet American obligations to Europe was approved today by the federal reserve board.

Washington Waits Explanation Of England as to Carden's Criticism of the President

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 19.—Administration officials today awaited with interest the answer of Great Britain to the Washington government's formal note of inquiry as to the accuracy of an alleged interview recently with Sir Lionel Carden, British minister to Mexico criticizing President Wilson's order for the evacuation of Vera Cruz.

No official explanation had been made early today as to what is expected to be the outcome of the Washington government's representations to Great Britain regarding the interview attributed to Sir Lion-

el Carden, in which its displeasure over the incident is understood to have been indicated. No surprise would be felt here, however, if the British government should completely disavow responsibility for the alleged interview.

That Sir Lionel was expressing the views of the British government is not believed here, but the formal inquiry was made to obtain an expression from Great Britain regarding the matter. Although he had received no instructions from his government to do so, Sir Cecil Spring Rice, the British ambassador here, has personally apologized to the state department for the incident.

Kaiser Reprimanded His Son For Needlessly Exposing Himself

(ASSOCIATED PRESS TELEGRAM)
Geneva, (via Paris) Sept. 19.—Advises received here from Germany state that Emperor William, who is still in Luxembourg with his staff, reprimanded Crown Prince Frederick William for needlessly exposing himself and his staff to the artillery fire of the enemy in his eagerness to watch operations closely. Several of his staff were wounded by shrapnel fire.

German Artillery Slackened Fire During Steady Downpour of Rain; Suffering of Wounded's Increases

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 19.—Fragments of news from the front confirm the serious character of the combat on the Aisne. Some of those wounded on Thursday, who have arrived here, declare that the fighting was even more violent than on the Marne and say the losses on both sides must be heavier. The English, as on the Marne, are bearing the brunt of the counter attacks and

are conducting themselves brilliantly. After a four days' constant hammering the German artillery slackened its fire last evening during a heavy downpour of rain which lasted all night. The trenches must have been nearly filled with water, diminishing greatly the advantage of the defense works prepared by the Germans and at the same time adding to the suffering of the wounded.

Returning confidence is shown in the return to Paris of many who took refuge in Bordeaux, and other provincial towns on the approach of the Germans. Some of the newspapers temporarily at Bordeaux are getting ready to publish in Paris again. The Daily Mail comes back today. The government, however, will probably remain until the war is practically ended.

FOUR DIE AT STATE HOSPITAL FROM GAS FUMES

(ASSOCIATED PRESS TELEGRAM)
Athens, O., Sept. 19.—Four patients at the Athens State Hospital were overcome with gas in a silo in which they were working early today. All were without signs of life when discovered and although all of the physicians of the hospital worked with the men for nearly two hours their efforts were unavailing. The dead men were Alex Osborn, 55, of Highland county; Pius Welsh, 50, of Perry county; George Penrod, 60, of Lawrence county; Samuel Martysink, 25, of Athens county. All this week the four men who were killed had been working under the direction of the institution in filling the silo and two older wooden ones which was well ventilated at the top and sides, was partly filled yesterday and the four men went in this morning as was their custom, to tramp down the silage.

CONDITION AT THE FRONT IS UNCHANGED

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 19.—The official information bureau today gave out the following statement regarding the situation in France:

"The situation remains unchanged. A counter attack against the first division delivered during the night, was driven back."

"The weather is bad and it is raining continuously."

Woman Golf Champion.

Glencove, N. Y., Sept. 19.—Mrs. H. Arnold Jackson of Boston, won the women's national golf championship here this afternoon, defeating Miss Elaine R. V. Rosenthal of Chicago, 1 up.

POSSE CAPTURES ALLEGED THIEVES IN A CORNFIELD

(ASSOCIATED PRESS TELEGRAM)
Memphis, Ill., Sept. 19.—Two of the five men who are alleged to have robbed Mrs. Nellie Clark, of Kankakee, of diamonds and jewelry valued at \$50,000, were captured today in a cornfield near here.

Eight diamond rings, said to be the property of Mrs. Clark, were found on them.

Their companions are believed to be nearby.

COMMISSION WILL REHEAR THE RATE CASE

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 19.—The interstate commerce commission today decided to reopen the eastern advance rate case and will begin hearings here on October 19. A formal order to that effect was prepared.

The railroad also asked the commission to modify its recent decision, which granted increases west of Pittsburgh and denied all increases between the great lakes and Atlantic seaboard. The decision to reopen the case brings the whole question up again for review, in which the railroads will press for the five per cent. increase throughout the territory east of the Mississippi and north of the Ohio and Potomac rivers.

IRISH PATRIOTS JOIN IN A BIG DEMONSTRATION

(ASSOCIATED PRESS TELEGRAM)
Dublin, Ireland, Sept. 18, via London, Sept. 19.—For the first time on record, followers of John Redmond and William O'Brien, have joined in a popular demonstration. This occurred at Mill Street, county Cork, and the cause was rejoicing over the passage of the home rule bill. Headed by an "All For Ireland" band, a battalion of volunteers paraded the streets. Speeches were delivered by local leaders who exhorted the volunteers to join the Irish services and at once tender their services to the war office.

M. E. CONFERENCE MEETS NEXT YEAR IN WESLEY CHAPEL

(ASSOCIATED PRESS TELEGRAM)
Washington, C. H., Ohio, Sept. 19.—Wesley Chapel, Columbus, will entertain the annual session of the Ohio Methodist Episcopal conference next year. Dr. F. F. Fitch, pastor of Wesley Chapel, in a short speech extended an invitation to the conference this morning to convene there in 1915, and the invitation was accepted without a dissenting vote.

Mr. Frank Frazier will go to Columbus this evening to stay until Monday morning.

WAR REVENUE BILL CONTINUES IN COMMITTEE

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 19.—Despite the adoption by the conference of House Republicans of a program of opposition to the war revenue bill, Chairman Underwood and other Democrats of the ways and means committee, continued today the work of perfecting the measures, confident of its passage by congress. The action of the house Republicans follows the lead of Senate Republicans.

Republican members of the house declared in conference that with a proper retrenchment in government expenditures there would be no necessity for the proposed legislation. The minority in both houses will vote against the bill on the ground that it is unnecessary.

When the ways and means committee met today stamp tax rates were up for consideration, few changes which were levied during the Spanish-American war were contemplated. The question of elimination of checks also was before the committee.

FRENCH ADMIT SERIOUS BLOW ON THEIR LEFT

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 19.—A dispatch to the Times from Bordeaux dated Friday, says:

"Throughout yesterday the whole front was engaged, the fight again being hottest on the left flank, where the turning movement is becoming defined. The enemy made a series of vigorous counter attacks."

"General French's army has again been signalled out for the enemy's particular attention but their three attempts to get home upon it have been in vain."

"While the fighting is hard on the eastern half of the front, the Germans are digging hard in the center from Reims to Arras and this probably will form the pivot of the battle."

TENTH VICTIM OF TOADSTOOLS

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Sept. 19.—The tenth victim of toadstool poisoning within a week was claimed today when Hazel Eyring, 17, died. William Eyring, her brother, was in a serious condition from toadstool poisoning and was not expected to live through the day.

Clearing House Statement.

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 19.—The statement of the clearing house banks of the week shows a cash reserve of \$2,115,000,000, a deficiency of \$25,254,169, and legal requirements.

Official Statements Issued

FRENCH

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 19.—An official Bordeaux despatch to the French embassy today says:

"The battle on the whole front from the river Oise to the river Woevre during the 18th, took place without any important change in the situation at any point."

"At the left in the battle of the Oise we occupy Menarquerigle, Carlepoint and Cuts. On the heights to the north of the river Aisne we have advanced slightly in a few places. Three attacks attempted by the Germans against the English army have been checked at Troyon between Soissons and Craonne."

"From Craonne to Reims we have repulsed the counter attack executed during the night. The enemy tried but has not succeeded in taking the offensive against Reims."

"At the center from Reims to the Argonne mountains the enemy is reinforcing his situation by important fortifications and taking an attitude merely defensive. On the east of the Argonne and in the Woevre valley the situation is unchanged."

"At the right in Lorraine and Vosges the enemy occupy positions defensively organized close to the frontier."

GERMAN

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sept. 19.—By wireless via Sayville, L. I.—The following official statement from the German headquarters was issued today:

"It is reported that a decisive attack is being made by the 13th and 4th army corps and parts of other German divisions south of Noyon with loss."

"Beaumont has been stormed and 2,500 French prisoners captured. Attacks along the entire battle front are being repulsed."

"Many guns and prisoners have been captured though the number is not yet available."

"The invasion of the Alpine region over the Vosges into the Breisch valley has been repulsed."

"The German eastern army continues its operations in Suwalki province and is advancing against the Russian forces."

"Despatches from Agram report that victory over the Serbians was far greater than at first believed."

"The Serbians were completely routed and were driven in flight across the Save river. Many were drowned."

72 Passengers Drowned

(ASSOCIATED PRESS TELEGRAM)
Astoria, Ore., Sept. 19.—Seventy-two passengers and crew of the steamship Leggett, which was lost off the Oregon coast last night, were drowned. There were only three survivors.

ROUMANIA MAY ENTER CONFLICT

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 19.—Possibilities of Roumania entering the European conflict on the side of Russia are reported in brief official advices today from neutral observers in Bucharest. No reasons were given for the probable action of Roumania.

Bulgaria, likewise, is reported showing strong sympathies for Russia. On the receipt of news of Russian victories in Austria a few days ago, there were big demonstrations against Austria throughout Bulgaria which had to be suppressed by the police.

Advices similarly show that Italy is having considerable difficulty in suppressing popular demonstrations in favor of the triple entente.

JAPS TAKE KIAO CHOW.

(ASSOCIATED PRESS TELEGRAM)
Tokio, Sept. 19.—The Japanese imperial troops, co-operating with the Japanese fleet landed at Laoshan Bay September 18, according to official announcement made today.

The cavalry on September 17 captured Kia Chow station and seized a train. Among the passengers was the president of the Shan Tung railway, who was made a prisoner.

SURGEON CALLS APPENDICITIS "KNIFE HYSTERIA"

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 19.—"Ninety per cent of appendicitis cases could be cured without surgical interference," exclaimed Dr. G. R. Herkimer of Downsville, Mich., in an address to the American Association of Official Surgeons in convention here.

Dr. Herkimer spoke on the subject, "Common Sense and Honesty in Medicine."

"There appears to be a hysterical craze for surgery," said Dr. Herkimer. "The people are soon going to demand a halt if surgeons do not

use their honesty to stop the wholesale act of surgery for name, fame and money. The younger surgeons are more subject to surgical hysteria than the older ones."

"I could not blame the public at large if they would ask congress to enact a law compelling physicians to put in writing any statement they make in relation to an operation being the only chance against death. These physicians are ready to jeopardize their patient's lives; they should be willing to risk their professional reputation."

From many points in the dual monarchy come disquieting reports. Pola, the naval base on the Adriatic is said to be in revolt, while the people of Vienna, refusing longer to have their attention diverted towards the west, are demanding news of the situation in Galicia, from which districts hordes of refugees Poles and

Devastation, Abomination And Death Pictured on Field Of Great Battle of Marne

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 19.—Telegraphing from Sozanne in the department of Marne, 25 miles south of Epernay the Times correspondent says:

The territory over which the second day's battle of the Marne was fought is now a picture of devastation, abomination and death almost too awful to describe.

Even now many sons of the fatherland are sleeping their last sleep in the open fields and in ditches where they fell, or under hedges, where they crawled after being caught by a rifle bullet or piece of shell or where they sought shelter from the mad rushes

of the French tireurs who have never lost their natural dexterity with the knife and who at close quarters frequently throw away their rifles and fight hand to hand.

The German prisoners are now being used on the battlefield in searching for and burying their dead comrades. Over the greater part of the huge battlefield there has now been buried at least those who died in open trenches, on the plateau or on the high roads. The extensive forest area, however, has hardly been searched for bodies, although hundreds of both French and German troops have sought refuge and died there. The official report of the battle of the Marne is now being published in the German press.

SUPREME

Conflict of the Campaign Developed From What Was a Rear Guard Action

LULL IN THE ARTILLERY FIGHT MAY PRESAGE

AN INFANTRY ADVANCE

German Position So Strong That An Assault, Which Will Be Most Difficult, is Only Way to Prevent a Long Winter Campaign.

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 19.—The battle of the Aisne now in its sixth day, and beginning as a rear guard action, has developed into the supreme conflict of the French campaign.

The latest official news sets forth that there has been a lull in the titanic artillery duel. This is taken to indicate that today's struggle may be marked by a tremendous advance of infantry, such as made the battlefield of the Marne a scene of indescribable horror and desolation. The news from Berlin concerning the position of the German forces has a more confident ring. The admission has been made that the German army was short of ammunition but this shortage has been rectified and supplies and reinforcements are being sent forward without trouble.

A French officer who has just returned from the battle front is authority for the statement that the strain on both sides of the line in France, promises soon to get beyond human endurance. He likens the antagonists to two exhausted pugilists and says that soon they will be unable to inflict further punishment on each other. If this situation develops, the only possible way for the allies to prevent a weary and discouraging winter campaign, it is argued here, will be a successful assault on the German communications.

An assault, it is admitted by the allies, will not be an easy matter. The Belgian army in harrying the invader probably prevents the despatch of any great part of the German army now occupying Belgium to reinforce their countrymen in France, but the Belgian forces are not strong enough seriously to interfere with communications while the allies must break through some part of the line, or turn the German right before they can effectively threaten the communications of the invaders.

Petrograd reports that General Rennenkampf has definitely arrested the German advance. This movement had been assisted by river excursion boats changed into what the soldiers termed a "one horse navy," and had driven the Germans back into the marsh country along the border. The Austrians, in a persistent effort to save the remnants of their army and re-establish it as a fighting force, have, according to reports from Vienna, fortified their extended new defensive front from Drobobzye, southwest of Lemberg to Cracow, with the center on Przemyel. An attack on the Przemyel fort is expected at once from the Russians under command of Generals Rudnik and Brusiloff. One report which reaches London from Galicia, declares that the Austrian cavalry has been entirely wiped out. This may account for the fortification of the Austrian line instead of its continued retreat toward Cracow.

From many points in the dual monarchy come disquieting reports. Pola, the naval base on the Adriatic is said to be in revolt, while the people of Vienna, refusing longer to have their attention diverted towards the west, are demanding news of the situation in Galicia, from which districts hordes of refugees Poles and

UNABATED

ARTILLERY DUEL CONTINUES
WITH NO DEFINITE ADVANTAGE TO EITHER SIDE

British Officer Realizes From German Position the Serious Task of the Allies.

(Associated Press Telegram)
London, Sept. 15.—The correspondent of The Express at Soissons telegraphing under date of Sept. 17, via Paris, says:

"The great artillery duel continues unabated and the position is the same as it was four days ago. The Germans have prepared elaborate trenches and barbed wire approaches to protect the position of their heavy guns behind the hill-crest.

"A British officer said to me today: 'If we held the same position we would never be shifted while our ammunition lasted. We realize the serious task which faces the allies.'

"The infantry losses must be extremely heavy. The aeroplanes of the allies are doing splendid service. Last night one located a train filled with retreating German soldiers and the pilot dropped a torch to indicate the range. Our artillery blew the train to atoms in a few minutes.

"We are having frightful weather. Torrents of rain fall almost continually, the trenches are full of water and as a consequence there is something like an epidemic of rheumatism among the troops.

"It is reported that a German force, with a general in command, has been surrounded in the fort near Chateau Thierry.

"The allies are now massing enormous bodies of troops and everything points to the probability of one of the bloodiest battles of the campaign as a sequel to five days of fighting."

DEVASTATION

(Continued from Page 1.)
ficulty of finding the bodies is considerable on account of the undergrowth.

"Long lines of newly broken brown earth mark the graves of the victims. Some of these burial trenches are 150 yards long. The dead are placed shoulder to shoulder and often in layers. This gives some idea of the slaughter that took place in this battle.

"The peasants who are rapidly coming back to the scene, are marking the grave trenches with crosses and planting flowers above or placing on them simple bouquets of dahlias, sunflowers and roses.

"Some of the hottest fighting of the prolonged battle took place around the beautiful old chateau of Mondement, on a hill six miles east of Soissons. This relic of the architectural art of Louis XIV occupied a position which both sides regarded as strategically important.

"The possession of the ridge of Mondement was vital to either the attackers or the defenders.

"The conflict here was of furnace intensity for four days. The Germans drove the French out in a terrific assault, and when the French guns were brought to bear, followed by hand-to-hand fighting on the gardens and through the lawns of the chateau and through the breached walls. The French again held the building for a few hours only to retire before another determined German attack. On the fourth day they swept the Germans out again with shell fire, under which the walls of the chateau, although two or three feet thick, crumpled like paper."

"The correspondent describes evidences on the battlefield of how magnificently the Germans are equipped in the matter of ammunition and war material. He saw pyramid after pyramid of shrapnel shells abandoned in the rout. Likewise innumerable paniers for carrying such ammunition.

"The villages of Oyes, Villeneuve chateau and Soisy-aux-Bois were all bombarded and completely destroyed.

SUPREMACY

(Continued from Page 1.)
wounded Austrian soldiers are pouring into the capital daily. Violent scenes outside the ministry of war building at Vienna are reported.

The most cruel aspect, from the British standpoint, of the terrible battle now raging in the western arena of the war, is the dreadful apprehension with which the British public awaits the publication of the casualty list on last week's fighting. Many of Great Britain's most famous regiments are reported to have been mowed down in the terrific assaults on the heights held by the Germans above the river Aisne. The German public also may expect a shock in this regard, for the battlefields, already swept over, give evidence, according to reports received here, that the famous Prussian guard corps has been virtually wiped out.

AUSTRIAN ARMY HAS FORTIFIED A NEW FRONT

(Associated Press Telegram)
London, Sept. 15.—A dispatch from Rome to the Exchange Telegraph says: "Dispatches from Vienna state that the Austrians on Friday fortified and extended a new defensive front which will reach Caracow. General Rosenberg will command the right wing with his center resting at Przemysl, the center will be commanded by General von Auffenberg with Tarnow as his base, and the left wing will be commanded by General Dunal with the Germans supporting his extreme left.

The entire Russian left wing, under command of General Brusilov, and Brussilov is expected momentarily to begin an attack. The initial assault is expected against Przemyśl.

"THREE'S A CROWD"

HEAVIEST

GUNS OF THE GERMANS ARE
HIDDEN IN WOODS AND DIFFICULT TO LOCATE

Infantry is Entrenched and at Night Make Moves Against the Allies' Lines.

(Associated Press Telegram)
London, Sept. 15.—The Paris correspondent of the Daily Mail describing the great battle says:

"The Germans have held their ground three days, their heaviest guns hidden in the woods and the French artillery has not yet obtained a mastery of fire over them.

"The German infantry is entrenched along the edges of woods in which the batteries are concealed. It is being attacked alternately by artillery fire and by infantry assaults the French charges being driven home right into the heart of the woods.

"At night the Germans make counter attacks but these have always been repulsed.

"The stronghold of the German position is the height of Nogent l'Abbesse three miles due east of Rheims. There the Germans occupy the site of what used to be the forts of Rheims and from there they are bombarding the town of Rheims which was on fire in eight different places at 4:00 o'clock this (Thursday) afternoon when I came down from the tower of the cathedral from which I had been watching a fierce battle since morning."

BLAIR AUTO BUS IS COMPLIMENTED

Frank M. Blair has received the following communication addressed to himself, the Blair Motor Truck company and all employees of the company:

"The Labor Day committee wishing to show its appreciation of the splendid auto bus constructed by your company, by the great exertions of the manager and every employee that it might appear in the parade, takes this method of congratulating the company upon the splendid evidence of its skillful workmen and superintendent and to our city for this great addition to Newark's industries.

"Yours for a 'Greater Newark,'
Frank Verheyen, Chairman.
Cliff Rosebraugh, Secretary."

The auto bus which appeared in the Newark Labor Day parade is now on the way to Philadelphia. An article elsewhere in the paper tells of plans in Philadelphia to establish an auto bus line similar to the Fifth Avenue line in New York. The promoters of the company in Philadelphia have decided to use Blair busses if the application for a franchise in Philadelphia is granted.

TAPPING HEARD FROM ENTOMBED MINERS TODAY

(Associated Press Telegram)
Eureka, Utah, Sept. 15.—Tappings were heard early today from the Oklahoma Hope of the Centennial Eureka mine, where ten of the miners caught in a cave-in Thursday are entombed. Working in hourly shifts, rescue gangs are tunneling their way to the spot from which the tappings come.

Those in charge of the rescue party said they will have a way cleared to the miners some time today, but that they have no hope of reaching the buried men in time to save their lives.

PONY STEPPED IN LAD'S FACE

Edwin Greenwald of the North Tenth street suffered severe cuts about the face Friday afternoon about 4:30 o'clock when a pony he was riding threw him to the street and planted a newly-shod hoof in the lad's face. Dr. W. H. Knauss dressed his injuries and he was removed to his home by Bazley & Bradley.

Greenwald had ridden the pony to the blacksmith shop where new shoes were put on the animal's feet. On his return, the pony took fright at a street car at Fourth and Church streets. He lunged and fell, throwing the Greenwald lad to the pavement. When the pony regained its feet, it planted a hoof in the boy's face. A severe cut over the right eye near the nose and other cuts were inflicted.

Russian Commander Who Beat Austrians

Grand Duke Nicholas Nicholas-vich is the commander of the Russian army, and to him as much as the generals in the field has been given credit for the rout of the Austrian army in Galicia. According to reports from Petrograd, which may be biased, more than 130,000 prisoners have been taken by his armies.

LOCAL COMPANY BUYS EXCHANGE AT SOMERSET

(Associated Press Telegram)
Columbus, Sept. 15.—The state public utilities commission today authorized the Somerset Telephone Company to lease its property to the Newark Telephone Company. The Newark Telephone Company is to pay six per cent per annum on a valuation of \$22,000 and assume an indebtedness of \$3,000 contracted by the Somerset company.

The leasing of the Somerset exchange is in line with the policy of expansion which has been carried out by the company since its organization, according to a statement made here Saturday. The company now owns, besides the extensive Newark plant, exchanges at Granville, Hanover and St. Louisville and has leased the Brownsville-Gratort exchange and the Somerset plant.

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-Up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures All Headaches.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. Rod such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the

nostrils; penetrates and heals the inflamed, swollen membrane which haws the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. F. D. Hall, 16 North Side Square, Newark, Ohio.

TY COBB LEADS AMERICAN AND ERWIN NATIONAL

(Associated Press Telegram) Chicago, Sept. 19.—Ty Cobb, the slugging Georgian of the Detroit club, batted himself to the front during the last week according to figures published here today. He is now leading his nearest rival in the American league by 27 points and at the rate he is going at present there is little likelihood of his being headed. The averages as published here show eleven hitters in the 300 class. They are: Cobb, Detroit, .385; E. Collins, Philadelphia, .348; Jackson, Cleveland, .347; Hobbittell, Boston, .347; Speaker, Boston, .328; Clee, New York, .327; Crawford, Detroit, .321; Baker, Philadelphia, .319; McInnis, Philadelphia, .316; C. Walker, St. Louis, .307; M. Mitchell, Washington, .306.

Philadelphia and Detroit continue to lead the league in club batting with figures of .270 and .255. The home run honors remain with Baker, Philadelphia, who has nine. Maisei of New York leads in base stealing with 62, while E. Collins of Philadelphia is pressing him with 55.

The Brooklyn club of the National league is still honored with the leading hitter. This is Tex Erwin, who heads a list of 13 hitters in the 300 class with an average of .345. The others in the select group are Dalton, Brooklyn, .328; Daubert, Brooklyn, .324; Becker, Philadelphia, .321; Wheat, Brooklyn, S. Magee, Philadelphia and Connolly, Boston, tied with .311; C. Miller, St. Louis, .308; Stengel, Brooklyn, .305; Pheasant, Chicago, and Wingo, St. Louis, tied with .304; Grant, New York, .302 and G. Burns, New York, .300.

Club hitting honors go to Brooklyn with .370, with New York next with .264. Vic Sailer of Chicago, leads as the home run king with 17, while the honors for base stealing go to G. Burns, of New York, who has 52.

American league pitchers, who lead their league are: Bender, Philadelphia, with 15 and 3; Leonard, Boston, 19 and 5; Plank, Philadelphia, 15 and 6. The Boston club of the national league has the leading pitcher. He is James with 24 and 6; Rudolph, his teammate, is next with 22 and 8, while Doak of St. Louis is third with 16 and 7.

Manager Bill Hinchman of Columbus remains at the head of the batters in the American Association with .364.

Helmont county miners have demanded that state troops be sent to that county, forcing the employment of union miners, "to prevent the waste of Ohio's mineral resources."

ENTHUSIASM FOR BRITAIN MANIFEST AT WINNIPEG, CAN.

Mrs. Frank M. Wilson of Stevens street has received a letter from her mother residing at Morrisburg, Ont., enclosing a letter from the latter's grandson, Wm. A. Carey, who resides at Winnipeg, Manitoba, Can., which certainly proves the loyalty of the British subjects of that city. Winnipeg has less than 50,000 inhabitants yet it has sent nine full regiments across the Atlantic to join the allies, they being the veterans of the Princess Patricia, the 29th Camberton Highlanders, Strathcona Horse, 50th Regulars, or Little Black Devils, 100th regiment, or Winnipeg Grenadiers, 166th regiment or Clan of Stewart, all of the British or French First Reserves, all of the French Second Reserves, and the 39th regiment or Fort Garry Horse.

More regiments are mobilizing and enlisting in Winnipeg and vicinity and it can be readily seen that the city must almost be devoid of young men on account of the war. The city assumed a military appearance at the beginning of war and since the sailing of the soldiers every able bodied man is anxious to enlist and fight for England. Mr. Carey in his letter states that the leaving of so many men has almost demoralized business and that many factories have been compelled to close down entirely while others are only running on half time. All homes and business places are decorated with the national colors and display the national flag, but all are praying for a cessation of hostilities.

GRISH, WRINKLE-FREE SKIN EASY TO HAVE Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the saxonite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and sagging. The formula is Powdered saxonite, 1 oz., dissolved in witch hazel, 1 pint. Another wonderful facial beautifier and rejuvenator that has become quite a rage in the United States, as in Europe, is mercerized wax. Druggists report a great demand. The wax literally absorbs a sallow, freckled, bumpy or withered complexion, giving the fresh and vigorous, healthy-hued young skin underneath a chance to "breathe" and let show itself. Applying the wax at night, like cold cream, washing it off mornings, will completely renovate a poor complexion in a week or ten days. One ounce usually is sufficient.—Adv.

Democratic Duty.

What a militant note was that sounded by Attorney General Timothy S. Hogan, and joined in by Lieut. Governor W. A. Greenlund and Joseph McGhee. Plainly and unequivocally, Mr. Hogan informed Ohio Democrats that he wants the support of no band of "true or blue" conspirators who seek to defeat Governor James M. Cox. As much was added by Greenlund and McGhee.

And rightly so. The present is no year for treachery. The lines are forming for a contest. The Democratic party is trying to hold for the state of Ohio all the beneficial measures that its administration has given them, workmen's compensation, more equitable taxes, good roads, honestly constructed, improved schools, financially and politically dead lobbyists and other things, as the sale bills say, "too numerous to mention."

Moving against the Democratic party on these issues are as a veteran observer in the Capital recently expressed it "every crooked influence, that tries to operate, has operated or hopes to operate in Ohio." These forces must be met. They have various subterfuges to advance their cause. One has been a campaign of misrepresentation, a second has been a fake so-called Democratic organization and a third is an alleged protest against one-man power.

With the faint echoes of conflict already rising, with the main forces drawing nearer each other, with lines formed, the call to duty is here.

And every Democrat will meet that duty with courage fortified by the knowledge that he will not be a party to any plan that would sacrifice any man on the Democratic ticket from highest to lowest. Democrats have toleration for neither sulkers nor traitors. The answer sent by Hogan, McGhee and Greenlund to the suggestion that they compromise their honor is not one that Ohio Democrats have not that kind of men on their ticket this year.

If they had they would lose no time in formulating the rules by which stern justice would be meted out to them.

Ohio Democracy expects every man to do his duty.

The Alien Commander.

With Harvey Garber in command on the bridge, with railway equipment men serving as officers and purser, with highway equipment men in charge of the machinery, how the Republican ship of state is loaded for the cruise of political pillage for which she is now outfitting.

Small wonder the ship is on the ship, the machinery seems out of joint, that signals bring no affirmative response, that she seems foul and ill-smelling as she rides the waters. Sailors believe a ship has a soul, that it can respond to the touch of one fitted to command, that it can thrill with resentment at the touch of traitor hands.

How that old ship of state must groan resentment as she feels the tread of an alien on the bridge, views the avaricious buccaners in the crew waiting for the pillage to begin. How, if it has a soul, it resents being sent out as a scout, within an ill-smelling crew, on a mission below the standard of former years.

The bridge where strode in years ago, the commanding and forceful figure of a Garfield, from which came the fiery, impetuous commands of a Foraker, the stern orders of a Mark Hanna, now occupied by an alien commander, a hireling, who for purpose of revenge would war on those of his own faith.

To that ignoble purpose has the great Republican ship of state descended. How are the mighty fallen. From commander to deck hand each buoyed only with hope of loot from the cruise and bound together by no other bond.

Men who go down to the sea in ships have a purpose that is of value and an errand of importance. They bear good tidings, they carry the commerce of the world. There is a lofty inspiration in doing a duty quickly and well. In the great highways on the waters the private crew is not now seen. There is no more call for the pirate crew in politics than on the waters. In unworthy hands, in unworthy commerce, the old ship of state waits the solid shot that sends her to a dishonored grave.

Price of Wheat.

The fluctuation of wheat prices in accordance with the varying course of the war is very curious. We know of no reason why the Germans should be less stubborn and enduring than the allies, yet every time the Germans make a point the wheat speculators believe the war will be a long one and the price of grain goes up, and when the allies score a point the speculators believe it means an early closing of the war and wheat prices decline.—Philadelphia Record.

Pellagra Cured.

Pellagra, the dread and mysterious disease, supposed by some to have been imported from Southern Europe, by others to be due to eating spoiled corn, or to chemicals in water, and which has ravaged the South for several years, is now reported by the public health service to be easily curable. It is, it is said, caused by diet and can be cured by diet. The disease has puzzled medical science for centuries. It has been especially prevalent in the countries bordering on the Mediterranean. The parasitic theory was held for a long time, but without definite results. It is now announced by the public health service that pellagra has been proved to be neither infectious nor contagious, but dietary in origin. A generous diet and rest will effect a speedy cure.—Pittsburgh Dispatch.

Uncle Walt

AFTER US.

The workman, in my new abode, now spreads the luscious plaster; he hums a blithe and cheerful ode, and labors fast and faster. I stand and watch him as he works, I stand and watch and ponder; I mark how skillfully he jerks the plaster here and yonder. "This plaster will be here," he cries, "unbroken and unshredded, when you sing anthems in the skies—if that's where you are headed." How good to feel, as on enchanted, that what we do will be alive when we are dead and planted! For this poet racks his brain (and not for coin or rubles) until he finds he's gone insane and has to join the boobies. For this the painter plies his brush and spreads his yellow ochre, to find, when comes life's twilight bush, that Fame's an artful looper. For this the singer sprains her throat, and tries to reach a higher note than Ellen Yaw could handle. For this the actor rants and barks, the poor old welkin stabbins', and takes the part of Lawyer Marks in Uncle Tommy's Cabin, Alaska, my labors will not last! In vain my rhythmic raves I cannot make my plaster plast so it will stick for ages!

Typhoid Epidemic Again Breaks; 15 Cases on One Milk Route; Health Officer Says Boil Water

Investigation by Health Officer, Knauss of the typhoid fever epidemic produced circumstantial evidence that the malady was spread through the manual handling of milk bottles delivered and taken from homes where there have been undiagnosed cases of the disease. This was the substance of a report made by the health officer at a meeting of the city board of health held Friday evening.

The report, supplemented by verbal statements made by the health officer, informed the board members that the epidemic was confined largely to two localities on one milk route. A careful inspection of the dairies supplying the dealer, indicated that more than ordinary precautions had been taken and were being taken, to insure a pure supply of milk. The investigation also revealed that one case of typhoid in the center of one of the localized districts had been ill for two weeks before the case was diagnosed as typhoid. It is the theory of the health department that milk bottles set out at the home and handled by the milk man, left the typhus bacilli on the bottles of milk delivered to other homes.

Both districts where the disease is in epidemic form have been regarded in the health department as typhoid districts. One is in Western avenue, where three cases are now under treatment, and the other is in Fleek avenue, where ten cases are quarantined.

A total of eighteen or twenty cases are reported from the entire city. About fifteen are confined to one milk route.

As stated above, the health department does not blame the milk supply for the epidemic. Dr. Knauss urged every precaution on the part of householders. He suggests that every case of illness where there is any temperature, be regarded as typhoid until otherwise proven. While under suspicion, householders should not set out any milk bottles, but place their own receptacles where the milk man can pour the contents of the bottles without handling the articles from the home.

The advice of the health department to boil all water still stands. This is a precaution which is important if the citizens desire to preserve the health of the community.

Council and Gas Company May Adjust Differences; New Rate Is Asked; Suit Left to Courts

Prospects are bright for an amicable adjustment of the differences between the city of Newark and Newark Natural Gas & Fuel company, and there is a reasonable assurance that the supply of gas this winter will be such that there will not be the suffering and inconvenience of last year by Newark consumers.

These were the results of the meeting Friday night between the law committee of the city council, and representatives of the gas company, which was attended by every member of the city's legislative body.

The meeting was a star chamber session, no one outside of the officials and the gas company's representatives being present. Chairman Frank Knauss of the council's law committee stated Saturday that there had been no agreement made by the city and the gas company but that the differences were discussed and proposition made which might lead to a settlement later.

Briefly stated, the gas company proposes to make a new contract agreement with the city, charging a rate for a period of five years, which will be satisfactory to the council and consumers. The litigation now pending is to be left to the courts for settlement, the new contract, if any is entered into, not to affect the suit now in court.

As stated above, no definite agreement was reached at the Friday night conference. Another conference will be held Monday evening preceding the regular meeting of council when it is probable that formal propositions will be made and the points discussed. If a satisfactory agreement is reached, the matter will come before council in regular order, to be acted upon in open meeting.

Newark people generally are interested more in the question of supply rather than cost. As one man expressed it, "we are to all intents and purposes paying a 25 cent rate, less the discount. The consumer is not getting any benefit, nor is he likely to, from the 'excess' fund which is now held by the receiver. We want gas, even if we have to pay 22 and a half cents for it."

Society

Mrs. C. A. Irwin of Buena Vista street will entertain the No Name Club Tuesday afternoon, September 20.

The members of the Independent Sewing club were entertained at the home of Mrs. T. B. Hirst on Wednesday afternoon. Eleven members were present and at 5 o'clock a delicious dinner of several courses was served. The next meeting will be at the home of Mrs. Guy Robinson in Cambria street.

Miss Nina Search was the hostess to the members of the Harriet Bible class of the Plymouth Congregational church this week at her home in Conley avenue. After the business of the class a social hour was enjoyed. Those present were: Misses Katherine and Laura Broome, Henrietta Jones, Misses Elchorn and Hammond and Mrs. Elizabeth Eazy and little daughter Helen. A dainty luncheon was served at the close of the afternoon.

Mrs. T. J. Egan of 245 Buckingham street will entertain the L. C. B. A. on Monday evening.

Mr. and Mrs. Lynn B. Wilson of Granville street entertained with a dinner of pretty appointments at the Sherwood Hotel, and a theatre party to the Auditorium afterward on Friday evening. They entertained out of honor to Mrs. Willard Warner of Washington, D. C., and Mrs. Edmund Hollands of Lawrence, Kas.

The guests were Mrs. Warner, Mrs. Hollands, Mr. and Mrs. Edward Kibler, Mr. Frank Merion, Mrs. Ella Updegraff and Miss James of New York City.

Miss Hazel Redman is entertaining the members of the A. S. C. club at her home in Hancock street this afternoon.

Miss Mabel Kirkpatrick was hostess to the Busy Bee Embroidery club at her home north of the city Thursday. A part of the afternoon was devoted to needlework after which dainty refreshments were served. Miss Kirkpatrick had as her guests the Misses

Crawford, Scott McCracken, Harry Postle, Perry Farmer, Henry McCracken, Levi Loughman, Guy Robinson. The visitors present were: Mrs. Allen Swisher, Mrs. Glen Lampson, Mrs. Weekley. A two-course luncheon was served.

Mrs. F. M. Black is entertaining with a pretty afternoon party this afternoon at her home in Hudson avenue. Mrs. Black honors Mrs. Willard Warner of Washington, D. C.

Lifting Dead Weight.
There is a more or less popular belief that it is easier to lift up a living body and carry it some distance than to carry a small, compact "dead" weight, such as iron dumbbells. Somebody several thousands of years before any art of writing was invented imagined this thing and told it to his next door neighbor. He told it and so all along the ages and centuries. Pure hallucination, along with hundreds of others now injuring this modern scientific age. If a person weighing 150 pounds appears lighter than anything weighing fifty or seventy-five pounds, it is simply because a distorted mind of some weak man imagined it, maybe 100,000 years ago. Some origin for all current myths.—New York American.

The Sneeze.
People say "God bless me" after sneezing, from the fact that in the days of the plague this terrible malady began with violent sneezing and other indications of cold. The exclamation was thus originally a prayer to be delivered from the plague.

Award of \$2500 to be Made To Widows of Men Killed in Explosion at Everett Quarry

A. L. McKee, district inspector of the industrial commission of Ohio, was in Newark Saturday investigating the cases of Harley Kreiger and W. H. Andrews, whose deaths resulted from injuries received in an explosion at the Everett company's stone quarry near Hanover several weeks ago, the company carrying industrial insurance under the workmen's compensation act.

It will be remembered that the men were drilling at the time on new surface which had never been penetrated and the explosion has always been a mystery. Inspector McKee visited the quarry and after a thorough investigation and minute inspection is convinced that the explosion was caused by the melting of an old blasting charge which had seeped down through crevices until it reached the level where the men were drilling.

Mr. McKee finished his work Saturday at noon and immediately filed his report with the state commission and they will probably act on the award early next week. In all probability the award to the families of the two men who met death at the quarry will be two-thirds of the weekly wage for a period of six years or a total of \$2184 in each case. In addition reasonable funeral expenses to the amount of \$150 will be allowed and medicinal claims to the amount of \$200 in each case, bringing the award up to a total of \$2500 each.

Mrs. Andrews is left with two daughters, and they will move to Newark some time next week. Mrs. Kreiger has one child, a son, and she will continue to reside at Black Han.

These awards will be made under an act passed by the Governor Cox administration and which was condemned by Republican papers at the time, but it has proved a God-send to the workmen of Ohio.

MAN KILLED AT BUCKEYE LAKE ACCIDENTALLY

GUN IN HANDS OF A COMPANION
IS DISCHARGED, BULLET
ENTERING HEART.

Strange Fatality Follows Social Organization of Which He was a Member.

Columbus, Sept. 19.—August Christ 26 years old of Columbus, was accidentally shot at Buckeye Lake, Friday; Louis Shibeck, same age, killed by a Hocking Valley train; Erwin Dellinger, same age, killed by a live trolley wire at High Street and Popular Avenue; such is the train of tragedy in the Hummymiddle Club, a social organization of which the three were members, and the tragedies occurred within three weeks.

Yesterday's tragedy occurred on the front porch of a cottage on the shore of Buckeye Lake. Christ, Kuntz and three companions had been spending a vacation at the lake, occupying a cottage owned by Bigelow Moss. John Shell, Charles Wrigley and Charles Heybach, all of Columbus, were their companions.

Christ and Kuntz had been hunting rats about the place and Christ handed the rifle to Kuntz. The latter according to his own statements, supposed the gun had a "dead" cartridge in it. He "pumped" the gun to remove the supposed dead cartridge, but it proved to be a loaded one and there was a discharge.

"I'm shot," cried Christ, and he died almost instantly. The bullet from the rifle penetrated his right side, going between two ribs, and pierced his heart. Kuntz at once became almost panic-stricken, but was calmed by his companions, and later he took upon himself the burden of notifying Christ's parents, Mr. and Mrs. August Christ and members of the family of the tragedy. Members of the family said he expressed deepest remorse for the accident.

They place no blame upon Kuntz, convinced that the shooting was accidental. Besides the parents, five brothers and a sister of the bullet victim live. They are Henry, Joseph, Carl, William, Tony and Marie Christ.

SUICIDE AND MURDER ARE ON DECLINE

ACCORDING TO STATISTICS PREPARED BY SECRETARY OF STATE'S OFFICE

Coroners' Inquests Also Fewer, but Real Estate Transfers Increased.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Sept. 19.—Statistics compiled from F. S. Johnson, chief statistician of the secretary of state's office and his assistants, show that suicide and murder in the first degree are on the decline in Ohio. During the year ending June 30, 1914, a total of 411 persons ended their lives by the suicide method and according to the figures of the statistician, the total for 1913 is just four less than for the 1912. There were only 95 indictments returned for first degree murder within the year compared to 124 for the year before.

Indictments for second degree murder were more numerous than before 123 were returned for 1914 and only 100 for 1913. Manslaughter indictments dropped from 70 to 60. Coroner inquests dropped from 4,054 in 1913 to 2,565 in 1914. Of the inquests 165 were in homicide cases. During 1913 there were 181 such inquests.

Real estate transactions as shown by the statistician's figures, were better than before with the grand total of considerations for property sold amounting to \$156,584,175, an increase of \$13,000,000 over the total for the preceding year. Mortgages were given during the year on which the total consideration was the sum of \$267,251,295 compared with \$293,406,084 for the year before. Mortgage cancellations amounted to \$139,156,523 as compared with \$195,036,825 for 1913.

There were 23,019 civil judgments given by the courts during the year, the grand total of judgments amounting to \$141,824,64. The total number of judgments were 3,257, an increase of 117. There were 26,226 persons committed to jail and the cost of caring for them averaged 23 cents per day for each person.

Naturalization papers were taken out by 3,067 persons of foreign birth, a gain of 145. These statistics are part of those to be published in the annual report of the secretary of state.

Queer Fish.

Which fish have the power of floating and swimming back downward?

This peculiar property is possessed only by the didodon and the tetradon, two allied families of tropical fishes which are popularly known as globe-fish. The tetradon is also found off the coasts of Cornwall and Ireland. The faculty is due to the fact that the skin on the abdomen of these fishes is much looser than it is on the back, and they have the power to inflate this loose skin by swallowing air through the gullet. This of course enables them to turn over at will, and, although the great French naturalist Cuvier did not believe that when in this position they could swim as they pleased, Darwin corrected him and proved that they could swim both forward and backward in this position.

It is of course well known that the shark and the dogfish, owing to the peculiar position of the underjaw, are obliged to turn on their backs before they can seize their prey, and while in this position they are able to swim for a very considerable distance. This, however, is done by the muscular force of the fins and tail and not through any special apparatus, such as the globe-fish possesses.—St. James Gazette.

The Cupboard Was Bare.

The late Dr. Masters, who was formerly a missionary in Canton, China, afterward lived in Berkeley, Cal. His friend and fellow missionary, Dr. Boone, returning on furlough, was expected to arrive in San Francisco on a certain day. Dr. Masters crossed the bay to the city; he meant to meet Dr. Boone and his party, and, after spending the day in sightseeing, to take them to dinner at a well known restaurant.

The steamer, however, had reached port earlier than had been expected, and when Dr. Masters got to the dock, his friends had left. He made inquiries at the principal hotels, but could not find them. In order to notify his family in Berkeley of the necessary change in plans, Dr. Masters sent them a telegram. Here is the somewhat damaged message that Mrs. Masters finally read:

"Can't find the bones. Will come home to dinner."—Yonkers Companion.

CATARRH OF KIDNEYS AND BLADDER

Peruna Saved Me

Mrs. Powers, whose address is given below her portrait, is an ardent friend of Peruna. She says:
"I am thankful to tell you that my old trouble has never bothered me any since you received my testimonial. Any one wishing to know the facts in my case, if they will write me I will be glad to answer. Your medicine has saved me, and gave me perfect health. I frequently meet friends that knew me when I was in poor health. They ask me what has made such a change in me. I always tell them that it was the nerve remedy, Peruna. I shall praise Peruna as long as I live."

Catarrh of the Internal Organs

Mrs. A. T. Powers, R. R. 7, Box 121, Walnut St., Rosedale, Kansas, writes:
"About four years ago I suffered with a severe catarrh of the bladder, which caused continued irritation and pain. I was miserable and could not stand up or walk for any length of time without extreme weakness and pain. I began taking Peruna and it greatly relieved me and in eleven weeks I was completely cured and felt like a new man."
Those who object to liquid medicine can now procure Peruna in Tablet form.

The Great War and The Independent

THE INDEPENDENT, in keeping with its reputation for prompt and vigorous treatment of world events, quickly perfected plans to keep its readers abreast of the important and vital happenings in Europe—in editorial, picture, news record, expert interpretation, and direct correspondence from the broad field of action.

WILLIAM HOWARD TAFT, former President of the United States, contributed to The Independent of August 10 a remarkable message to the people of the United States. THE PREMIER OF JAPAN, COUNT OKUMA, called to The Independent on August 24 a message to the American people. RICHARD'S APPEAL TO THE AMERICAN NATION, by cable to The Independent from the Burmese minister of the Interior, appeared in the issue of September 13. THE GERMAN IMPERIAL AMBASSADOR, COUNT VON BERNSTORFF, contributed to The Independent of September 14 a statement presenting the position of the German Empire in the Great War. The Ambassador had just returned from Berlin, and spoke with first-hand knowledge and authority as to the attitude of his government and the feeling of the German people.

MAJOR LOUIS LIVINGSTON SEAMAN, an international authority on Red Cross work and sanitary science in war, sailed for Europe August seventh, as the exclusive representative of The Independent.

Unmoral and Immoral.
Are you unmoral or immoral? Do not answer too quickly, for if you are only unmoral we may be able to overlook it. Unmoral stands to immoral in much the same relation as unregenerate stands to degenerate. If you commit some act of which the arbiters of ethics disapprove the category that you go in all depends on whether the arbiters have previously brought the ethical constitution and bylaws to your notice. If they have already told you that a certain thou shalt not exist then you are immoral if you disobey it. If, however, you are still in an untaught state of sheer savagery then you are merely unmoral, and instead of being the victim of execration and contempt you are entitled to all the emoluments and perquisites of any other savage. Ignorance of the civil or criminal laws excuses no one, but ignorance of the moral law does count for a little these discriminate days—Ellis O. Jones in Lippincott's.

Good Advertisement.
Father is an advertising man and has had the misfortune to be laid up with the rheumatism. For some time, when he has been able to walk at all, he has limped along at a snail's gait with a cane. "Things seemed blue enough, but it was for his small son to point out that which, in the little boy's mind, was one of the large benefits of the situation."

"They had walked down the street together, and dad had been stopped several times by people who wished to know what was the matter or to inquire how the disease was progressing. 'Do you know, dad, this is some advertisement!'" said the son enthusiastically.

"What is?" growled his father.
"Being all crippled up and walking poky with a cane," replied the son. "I never did see so many people pay so much attention to you before."

Father was too stiff and sore to whip him.—Indianapolis News.

Memory.
Memory is that faculty of the mind which enables us to know that we have forgotten something. Without memory there would be no history; hence no fiction.

Without memory there would be no worry, because worry is fear for the future, based on recollection of what has happened—usually to someone else. Memory enables us to store our minds with useful facts until they are proved to be wrong by other useful facts which in turn take their place. Life.

Lodges

I. O. O. F.
Olive Branch Lodge No. 34, Tuesday evening, Sept. 15, 1914. Olive Branch lodge No. 34, met in regular session with good attendance. The initiatory degree was conferred in good form.
All Odd Fellows are reminded that Tuesday evening, Sept. 22, 1914, will be "Home Coming" night. Olive Branch lodge will be more than pleased to have all I. O. O. F. lodges of the county represented at this meeting. We will be entertained by music, speaking and refreshments. Come, let all Odd Fellows come.
Newark Lodge No. 623.
Newark lodge met in regular session last Monday evening at which time the second degree was conferred. The third degree will be conferred on Monday evening, Sept. 21.
The brothers are showing a great deal of interest in the "Home Coming" which will be held Sept. 28. The committee has everything arranged for a good get-together meeting. Lodges will open in regular session at 7:30 p. m. After routine business is disposed of we will have a roll call which will be followed by short addresses by Grand Master Younger, Past Grand Master Kouzts and others. All Odd Fellows of the county are invited to meet with us.

H. G. OF A. No. 34.
Home Guards of America met in regular session on Wednesday evening, Sept. 16, with a good attendance.
A committee was appointed to arrange for an indoor picnic on Wednesday evening, Sept. 23, to which all members are requested to come with their baskets filled with all the good things that make a picnic a success. Quite a number of candidates will be present for initiation.

MACCABEES.
Octagon tent No. 132 K. O. T. M., will meet in regular review Thursday evening, Sept. 24. The work in the second and third degree will be put on the floor in full.
We have been taking in new members through the heat of the summer and giving them the first degree, now we have quite a class for next review, Thursday evening, Sept. 24.
We hope for a good attendance; the entertainment committee has planned something extra.

K. O. F.
Newark Lodge No. 13, Thursday night the lodge room was filled with members and visitors. It was in response to a notice that a program had been prepared in commemoration of the anniversary of Newark lodge. The usual routine business was quickly disposed of and the program was started by all singing America. This was followed by prayer by Rev. A. B. Cox, and then two selections by the male quartet,

consisting of Jos. W. Horner, B. O. Horton, I. B. Warthen and Prof. C. W. Kloppe. In the absence of B. F. McDonald one of the speakers of the evening, Rev. Cox was called upon and delivered a very able address. After another selection by the quartet the lodge was addressed by Hon. W. A. Irvine, and this was followed by a drill by the Uniform Rank. Refreshments were then served.
Next Thursday night the Knight rank will be conferred. All members of the team please be on hand.

Roland Lodge.
Roland lodge No. 305, met in regular weekly session on Tuesday evening, with Chancellor Commander C. F. Wagenheim in the chair and a fine attendance of the brethren. Visitors were present from No. 13, Utica and Fallsburg. Reports were given by Brother Rexroth of the Castle company and Brother J. S. Woodward of No. 13 on the method adopted of financing our new building. Both were highly interesting. Oct. 6, the date of Grand Chancellor Elliot's visit, will be a big event in Pythian circles in this city. An effort will be made to bring in a number of applications that night. Brother C. L. Vanatta offers a box of cigars—not stogies—to the member bringing in the largest number of petitions that evening. Get in line, brothers, don't crowd. Remember the date. The Knight rank will be conferred on this occasion. Page rank next Tuesday evening, and Esquire rank Sept. 28.

MODERN WOODMEN.
Cedar Camp No. 4727 M. W. of A. met in regular session on Wednesday night with a good turn out of the members and considerable routine business was transacted. Some very important business was discussed which will start the members working for new members and was laid over until the next regular meeting, when it will be thoroughly explained to the members and it is the desire of the officers of the camp that a big turn out be present at the next regular meeting, Sept. 23. The lunch committee was instructed to prepare a lunch for the next meeting and they promise something good.
If you know of a member who has lapsed his membership between the dates of Feb. 1, 1912, and Dec. 1, 1913, you should explain to him that he can again be restored to membership under the resolution adopted by the Toledo head camp, by calling at the clerk's office and signing an application for re-instatement. He does not have to pass a medical examination, nor does he have to pay up any back dues or assessments, but he starts right in at the same rate that he formerly paid. All members to come under this resolution must be in good health and not engaged in a hazardous occupation. The time expires under this resolution on Oct. 31, 1914, and no former member who was suspended between the above dates can be re-instated only as a new member and according to the head camp by-laws. On Sept. 2, a resolution was adopted amending the local camp by-laws,

changing the local camp dues to conform with the changes made at the Toledo head camp, whereby the local camp dues are to be paid monthly instead of quarterly and the local camp dues beginning Jan. 1, 1915 will be 30 cents per month, which will be paid together with the regular monthly benefit payment, which will make the members payment the same every month, thereby cutting out the big month every three months. A postal notice of this change will be mailed to every member in a short time. Neighbors come to the next meeting of the camp and hear the proposition that will be offered at this meeting and enjoy a pleasant old time meeting with Cedar Camp. Remember the date, Wednesday night, Sept. 23. Tell the neighbors living near you.

DEAFNESS CANNOT BE CURED
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHESNEY & CO., Toledo, Ohio. Sold by Druggists.
Take Hall's Family Pills for constipation.

PURITY

Just as Paul Lewis was reaching for the lever to stop the gasoline engine which he uses in his work of swabbing wells for the Ohio Gas and Fuel company, last Friday, his sleeve caught and his arm was drawn into the machinery. He succeeded in stopping the engine but could not extricate himself. His call for help brought two boys to his assistance from a near-by cornfield and Clive Davis drove with him to St. Louisville where a physician dressed the injury. The muscles of the forearm were badly lacerated and his sleeve was ground into the flesh so it was found impossible to remove the shreds of material. Though the injury is very painful, it is improving nicely, and no bad results are anticipated.

Mr. and Mrs. Henry Weaver of St. Louisville were guests at the home of the latter's father, H. M. Elliott, last Thursday night, and attended the Hartford fair, Friday. They were accompanied by J. E. Elliott, Mrs. H. M. Elliott, and Miss Elizabeth Elliott. The trip was made in Mr. Elliott's new automobile.

The C. E. C. was entertained by Miss Delia Hawke, Thursday afternoon. Five members were present, together with Mrs. William Jones, Mrs. James Hawke, and Miss Susan Hawke as guests of the club. The next meeting will be held at the home of Miss Marie Colville, Sept. 26.

Miss Arlie Reynolds who is attending business college in Newark, spent Saturday and Sunday at her home here.

Miss Elsie Taylor is a pupil of the Newark High school. She is boarding at the home of her aunt, Mrs. Allen Mitchell.

Mr. and Mrs. Dan Winkle entertained thirty-nine members of the Eden Sunday school at their home here, Friday night.

The following guests were entertained at the home of Nelson Wilkin Sunday: Misses E. Varner, Alta Leal and Darlene V. Leal and Gladys and Mrs. John Wilkin. Clarence Smith, Hamilton, Carl and Bruce Castock.
Little Carl Neigh with typhoid fever, Robert Wayne is today son born to Mr. and Mrs. Richmond.
Mr. and Mrs. Ingham were entertained at the home of Mr. Henry Brock Sunday night.
Mr. and Mrs. R. the Hartford Fair.
Mr. and Mrs. J. M. and Mrs. J. M. guests of Mrs. Winkle and family.
Mr. and Mrs. J. daughter Miss E. and family, and Mr. Robert went Sunday morning and evening to the regular appointment Sunday morning.
Eden next evening. They will be there for the present time.

Grand Auction Sale Beautiful Residence Lots

And Two Nice Houses and Lots and 12 One-Half Acre Tracts

Thursday, September 24th, 1914, 11 a.m.

Madison Heights Addition, East Main St., Newark, Ohio.

This property will be sold at auction to the highest bidder absolutely. Madison Heights Addition is at the end of the brick pavement on East Main street, near the B. & O. Shops and the Heisey Glass Factory, and in walking distance of both factories. Is just outside the corporate limits. No city taxes to pay and the township tax rate is among the lowest in the county. Size of lots are mostly 50x150; there are one-half acre tracts. These lots are large enough to raise chickens, keep a cow and have a garden. Think how nice it would be to live in the country, yet be close enough to the city to enjoy city advantages. Madison Heights Addition has graded streets covered with gravel, cement sidewalks, city water and Heisey gas to the Addition. Madison Heights is a healthy place to live; is high and dry; excellently drained, and overlooks the beautiful Licking Valley. City car and interurban service; just ten minutes' ride from Public Square.

**TERMS:--\$25 down on each lot and one-half acre tract; \$1.50 per week
No interest or taxes for one year.**

We will give a big, free, Brunswick Stew Dinner. Free prizes. Free transportation. Cars leave Public Square at 10 o'clock. Music by the Buckeye Band. Ladies and children invited. It's interesting to hear the Burton Brothers, the famous real estate auctioneers, sell lots—one a minute—crying the same bid at the same time in the same tone of voice. Don't forget the day and hour. Blair Busses Are to be Used On Philadelphia Streets If Franchise is Granted

(Special to The Advocate)
Philadelphia, Pa., Sept. 19.—Upon receipt of a dispatch from Newark, Ohio, saying that shipment of a double-deck, 48 passenger auto-bus has been made from the Blair Motor Truck factory, announcement was made by John Monaghan, attorney, that the city councils will be asked at once to grant a franchise to the United Traction Improvement company which desires the privilege of operating a system of auto-buses covering the city from Porter street to Allegheny avenue and from Front street to Sixty third.

The scheme as outlined by one of its promoters is a pretentious one. A d routes that are sought to be provided will, provide cheap and pleasant transportation for some sections that are now without proper facilities. It is asserted that no stock is for sale, the capital having all been subscribed, and that service will be inaugurated as soon as possible if the franchise shall be granted.

The proposition in its present form outlines three routes that are to be covered on schedules that will be increased according to the business that is expected to develop. The charge for a continuous ride is fixed at 5 cents and the company promises to sell strip tickets, good on either line, day or night, at six for 25 cents.

The vehicle to be used was designed by Frank M. Blair of Newark, and is somewhat similar to the New York Fifth Avenue busses, but owing to the character of construction, it is more comfortable and moves with much less noise. The New York busses are chain driven while the Blair bus is operated by the direct worm-drive and has all the good features of the Blair motor truck.

The vehicle is of the gas-electric type of special design, with two decks and a seating capacity of 48 passengers. It is finished with the highest class furnishings for vehicles intended for municipal service, and has a possible speed of 14 miles per hour. This bus is equipped with low steps, making it convenient for passengers getting on and off, and on account of their mechanical design will operate in a smooth, easy manner, without the usual jar and shock that is usually found in the operation of passenger-carrying vehicles. The tires are wide and with sufficient resiliency to render riding in these buses a pleasure. The weight of the busses will not exceed 10,500 pounds, not being as heavy as many of the modern trucks now being operated throughout the city.

The Blair bus that will reach Philadelphia tomorrow in charge of A. F. Strimpton and Otto Ramey, is from a world factory. It has been built for the United Traction company to show what can be done and upon the granting of franchises permitting the use

of these busses on the streets a large order will be sent to the Newark plant.

The officers announced for the company are Walter C. McIntire, president, a well-known electrical engineer, and Victor H. Conkel, secretary and treasurer. The latter was for years associated with the Pennsylvania Light, Heat and Power company, American Railways company, United Gas Improvement company and Electric Storage Battery company. With them on the board of directors are Harry S. Culbert of Pittsburgh, C. V. Manning, Wilmington, Del.; W. W. Gibbs and E. G. Wigginton of Philadelphia.

Uhlands' Task is Locating The Enemy by Making Marks Of Themselves, Courting Death

(Associated Press Telegram)
Rotterdam, Sept. 19.—Of the German Uhlands of whom so much has been heard in the European war, Luigi Barzini, a widely known Italian correspondent says in the Corriere della Sera:

"As we neared a small station and the train lessened its speed we saw a small troop of cavalry guarding the railroad crossing, a patrol of Uhlands. Their demeanor was calm. Though they were in the enemy's country their care-free attitude gave the impression that they were merely in a maneuver camp.

"The swarms of cavalry which the Germans send out ahead of their advance are to be found everywhere—on any highway, any path. It is their business to see as much as possible. They show themselves everywhere and they ride until they are fired upon, keeping this up until they have located the enemy. Their task is the task of riding into death. The entire front of the enemy is established by them and many of them are killed—that is a certainty they face. Now and then however one of them manages to escape to bring the information himself (which other-

wise is obtained by officers in their rear making observations.)

"The fire with which the Uhlands are received permits of a fair estimate of the strength of the enemy for they know that usually all the soldiers shoot as soon as the cavalry of the enemy shows itself.

"At every bush, every heap of earth the Uhland must say to himself 'Here I will meet an enemy in hiding.' He knows that he cannot defend himself against fire that may open on him from all sides. Everywhere there is danger for the Uhland—hidden danger.

"Nevertheless he keeps on riding, calmly, and undisturbed in keeping with German discipline.

"The German Uhland is employed entirely for reconnaissance purposes and what is known as 'screen' and contact work. In the first of these capacities he endeavors to locate the enemy without punning into his fire doing this usually in groups of from 20 to 30 which move with vanguard, flankers and rear guard.

In 'screen work' the Uhland is used to cover infantry or artillery advances, taking a position on the flank as soon as this has been accomplished.

In contact work as the task de-

scribed by Barzini, the Uhland rides in small bodies until he has drawn the fire of the enemy. Instead of retreating, as he may do in ordinary reconnaissance work, he endeavors to trace the front of the enemy, riding parallel to it, usually until the last man is shot down. The contact action has, meanwhile, been closely observed from the German front and the advance and attack of the infantry is governed by the information gained at the expense of the Uhland, for whom there is no hope as soon as he is detailed for this duty, but who, from all accounts does not seem to mind this part of his work.

when he speaks, just as it is when he sings.

"When Old New York Was Dutch" is true to its title, in that the scenes are laid in and near the city of New Amsterdam (now New York City) in 1664, after the expedition of England's king, Charles II, had forcibly taken possession of the Dutch territory. They are stirring scenes, too, yet they find a place for the ever dominant love element, which is presented in picturesque simplicity and with appealing grace. But the master factor in the unraveling of the plot is Mr. Wilson, who, in his rollicking way, conquers the hearts of the stage heroine and his audience alike. His quaint-like Dutch accent is borne out by his inimitable acting, and his songs add that touch of piquancy that one expects from the sort of an adventurer Mr. Wilson portrays. Mr. Wilson's several new songs include "When I First Met You," "Moon, Moon, Moon," "When the Roses in Spring Bloom Again," and "Mr. Bear."

"Honey Boy" Evans.

The coming of "Honey Boy" Evans to the Auditorium Saturday, Sept. 26, matinee and night, recalls the inaugural appearance of this favorite little monologist at the head of the first "Honey Boy" minstrels, under the direction of Cohan & Harris. Evans was the featured star of that big assemblage of stars, but he did not become sole owner and proprietor until the middle of the second year of the Cohan & Harris tour; it was in February, 1910, that Evans

A noted event of our local theatrical season will be when Al. H. Wilson, the singing German dialect comedian, presents an elaborate revival of "When Old New York Was Dutch," at the Auditorium on Tuesday, Sept. 22, one night only.

It does not appear that there is any great amount of philosophy underlying the endeavors of this general condition, other than the commendable desire to make friends with the public. IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated, and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effort; cleans lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Y. M. C. A. NOTES

During the week quite a few Y. M. C. A. men stopped at the building on short visits. Among them were Vocational Secretary Thomas of Los Angeles, Calif. A. H. LaRue of East Liverpool, W. E. Rosenkranz of Washington, D. C., and C. E. Carlton of Zanesville.

E. R. Houser, rooming in the building and member of the R. R. Y. M. C. A., at Lancaster, spent Sunday at his home in Lancaster.

Fred Glenn, physical director in the Zanesville "Y," was in town Wednesday evening and called at the building. Fred began his work here.

A number of Denison students stopped at the building on their way to school, Tuesday and Wednesday.

Cards were received from Members George Wolfe, who is at St. Louis, Mo., and Mr. C. Harrington Davis, Grove Beach, Conn., members of the board of directors.

Tennis courts are being used these days to good advantage. They were repaired a little, and the members are taking advantage of the good weather. The Association members are sorry that Mr. Bayles, who worked on the force, is sick and will not be able to enter Denison this fall as he expected. He is at his home, 2546 Glenmawr avenue, Columbus, O. He would be glad to have a line from the members.

Leslie Evans, who was in the Sanitarium about two weeks for treatment, is able to be about the building. The members will be glad to know that Will Engstrom of the Ohio Light and Power Co., is recovering from his recent attack of typhoid fever.

Calvin and George Hazlett have returned from their vacation trip in the vicinity of Pittsburgh, Pa.

High School Notes

The enrollment of the High school is 630, the largest that it has been at the opening of school.

Miss Leah Or at last year's class, is the new clerk in the Principal's office. She succeeds Miss Florence Hough, who secured a position as teacher in the Mill street school.

There are two new teachers in the faculty this year. Miss Pearl Mercer and Miss Edith Clark, who take the places made vacant by the resignation of Mrs. Fred Simpson, formerly Miss Kate Sparks, and Miss Edith Bilman. The latter has come to teach in the Akron schools.

The High school orchestra has taken on a great impetus. Over thirty have applied for admission. There are so many that Mr. Kopp, the supervisor of music, had to move from the pit to the stage, that he may accommodate the great number.

Yesterday morning, Friday, General Secretary Frank L. Johnson of the Y. M. C. A. conducted devotional exercises. His remarks upon the parallel of the prodigal son were very appropriate and much appreciated. Come again.

Superintendent Wilson Hawkins gave an excellent talk to the student body a week ago at chapel. He took for his theme, "Self" and showed how each one has two selves, the one narrow and selfish, the other, the broader, better self which works for the good of the group.

The commercial department is having a steady growth. To accommodate the classes the board of education purchased five additional typewriters, making in all thirty-six machines.

The staff of the school paper, "The Reveille," has been completed. It is as follows: Editor-in-chief, George Pfeiffer; associate editor, Mildred McCain; here and there editor, Ava Ballou; literary editor, Ruth Hirst; alumni editor, Eleanor Johnson; athletic editor, Raymond Crawford; exchange editor, Herschel Stephan; general local, Robert Swingle; senior editor, Helen Laughlin; Junior editor, Gladys Drum; sophomore, Elizabeth Kibler; business manager, Russell Rine; first assistant, Warren Welant; second assistant, Guy Bazler.

The Athenian Literary society met Thursday evening with the following officers in charge: President, Leland Stevenson; vice president, Dale Warner; secretary, Lee Williams; treasurer, Russell Rine; sergeant-at-arms, Harry Long; critic, Mr. Chalmers Parker.

The Thalian Literary society met Thursday at 8 o'clock and elected officers. The first program will be given next Friday. The officers are: President, Ruth Hirst; vice president, Eleanor Johnson; secretary, Ella Hess; treasurer, Lou Ella Hawkins; chaplain, Doris Avery; prosecuting attorney, Kathryn Davis; sergeant-at-arms.

The Sabbath Was Made For Man

"Where is rest, and peace, from earth's woes and its cares; there's a Sabbath day's journey toward home; to him who devoutly and humbly repairs to the place where worshippers come; then turn ye aside from the marts of trade and find a blessing where prayers are made."

There is so much that is disturbing in this hurly-burly world of business that we sometimes feel personal peace is impossible; that real rest is a lost privilege; that multiplying activities prevent peace.

The thing we lack most is appreciation of our privilege of taking rest, and of acquiring mental, moral and spiritual refreshment.

If, in our critical moments, we feel that nothing is as it used to be, we must remember it is our own fault, chiefly.

Mental poise is possible if we place ourselves in a position to appreciate it, and be affected by it.

Spiritual refreshment is possible, if, in our attitude of mind and body, we realize our spiritual needs.

In Newark the pastors prepare helpful messages; Sabbath is a day of delight for those who preach and those who listen; Sabbath gives the message of helpfulness to those who want it, prepared for and by those who appreciate the value of it.

Every Sunday is an opportunity of giving and receiving good for those who realize their needs and

who seek to be benefitted.

Every church is a congregating place for those who want physical and mental rest—moral and spiritual strengthening.

We are fortunate to retain, or acquire, the ability to turn aside from activities, worries, vexations and cares; it is a privilege to find solace and satisfaction in the quiet hour of the Sunday service.

Coming, in an attitude of worship, we get full value, accumulate strength, and appropriate the power intended for worshippers.

Spiritual strength is only possible to those who appreciate their need of it, who really want to get the value from it.

"Going into our closets" doesn't necessarily mean we are to do that literally, but we are to take ourselves, mentally, away from cares and vexations, and activities of the world, and to give ourselves the privilege of a mind undisturbed by the ordinary things of life.

The services of the Sabbath will fit our personal and individual needs, and bring us to a broader strength to help in making ourselves better, the community better, the world better.

The Gospel is the only Panacea for the restlessness of the times!

Share the blessings; establish its value; spread its worth!

"Let Us Therefore Come Boldly Unto The Throne of Grace, That We May Obtain Mercy, And Find Grace To Help In Time of Need."

High School Notes

The enrollment of the High school is 630, the largest that it has been at the opening of school.

Miss Leah Or at last year's class, is the new clerk in the Principal's office. She succeeds Miss Florence Hough, who secured a position as teacher in the Mill street school.

There are two new teachers in the faculty this year. Miss Pearl Mercer and Miss Edith Clark, who take the places made vacant by the resignation of Mrs. Fred Simpson, formerly Miss Kate Sparks, and Miss Edith Bilman. The latter has come to teach in the Akron schools.

The High school orchestra has taken on a great impetus. Over thirty have applied for admission. There are so many that Mr. Kopp, the supervisor of music, had to move from the pit to the stage, that he may accommodate the great number.

Yesterday morning, Friday, General Secretary Frank L. Johnson of the Y. M. C. A. conducted devotional exercises. His remarks upon the parallel of the prodigal son were very appropriate and much appreciated. Come again.

Superintendent Wilson Hawkins gave an excellent talk to the student body a week ago at chapel. He took for his theme, "Self" and showed how each one has two selves, the one narrow and selfish, the other, the broader, better self which works for the good of the group.

The commercial department is having a steady growth. To accommodate the classes the board of education purchased five additional typewriters, making in all thirty-six machines.

The staff of the school paper, "The Reveille," has been completed. It is as follows: Editor-in-chief, George Pfeiffer; associate editor, Mildred McCain; here and there editor, Ava Ballou; literary editor, Ruth Hirst; alumni editor, Eleanor Johnson; athletic editor, Raymond Crawford; exchange editor, Herschel Stephan; general local, Robert Swingle; senior editor, Helen Laughlin; Junior editor, Gladys Drum; sophomore, Elizabeth Kibler; business manager, Russell Rine; first assistant, Warren Welant; second assistant, Guy Bazler.

The Athenian Literary society met Thursday evening with the following officers in charge: President, Leland Stevenson; vice president, Dale Warner; secretary, Lee Williams; treasurer, Russell Rine; sergeant-at-arms, Harry Long; critic, Mr. Chalmers Parker.

The Thalian Literary society met Thursday at 8 o'clock and elected officers. The first program will be given next Friday. The officers are: President, Ruth Hirst; vice president, Eleanor Johnson; secretary, Ella Hess; treasurer, Lou Ella Hawkins; chaplain, Doris Avery; prosecuting attorney, Kathryn Davis; sergeant-at-arms.

Helen Laughlin, Bernice Catt, critic, Miss Madge Lindsay.

The football team is rounding into shape under Coach Millisor's directions. Thirty candidates are out daily to secure positions on the team. Herman Dickeson, the captain-elect, is not in school, consequently another must be made for captain. The schedule when completed by the manager, Joseph Hawkins, will be the strongest in years.

The lecture course will start October 23 with Evan Williams. The reservation of seats will take place Saturday, October 17 at Erman's drug store. It looks as if all seats will be taken this season.

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, backache, muscular pains; stiff, painful, swollen joints, pain in the limbs and feet; dimness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my wellknown, reliable Chrocinure, with references and full particulars by mail. (This is no C. O. D. scheme.) No matter how many may have failed in your case, let me prove to you, free of cost, that rheumatism can be conquered. Chrocinure succeeds where all else fails. Chrocinure loosens the blood and removes the cause. Also for a weakened, run-down condition of the system, you will find Chrocinure a satisfactory general tonic that makes you feel that life is worth living. Please tell your friends of this liberal offer, and send today for large free booklet to Mrs. E. M. Williams, 151 E. Washington Avenue, South Bend Ind.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, Hall's drug store.

Condition Becomes Serious.
 Mary Priest the five year old
 daughter of Mr. and Mrs. Oliver
 Priest of Western avenue, who has
 been ill of typhoid fever, took a turn
 for the worse Saturday and her con-
 dition is regarded as serious.

Mr. Hopkins in Hospital.
 Walter B. Hopkins, former New-
 ark bank cashier, now a bank exam-
 iner, was operated upon at Grant
 hospital, Columbus, this morning for
 appendicitis. Mr. and Mrs. Hopkins
 recently moved from Toledo to Neil
 avenue, Columbus.

Small Rainfall.
 The rainfall during the present
 month has been very light, less than
 an inch having fallen since Sept. 1,
 and the month is about two-thirds
 over. The past week has certainly
 been great opening weather for the
 corn that remains uncut on account
 of having been planted late.

New Auto Truck.
 Not to be outdone by her sister
 city of Postoria, Tiffin city officials
 have purchased a motor fire truck
 at a cost of \$12,500. Tiffin has a
 population of 11,394 and Postoria
 9,587 yet their fire departments are
 equipped with more modern fire
 fighting apparatus than Newark with
 a population of 30,900.

Train Riders Fined.
 Frank Rodgers and McKinley
 Smith, two colored men arrested
 Friday for Mt. Vernon authorities
 were fined by police court and given
 an opportunity to leave the city.
 They left in a hurry. Mt. Vernon
 authorities notified the local police
 department that the men were want-
 ed for train riding, but that the case
 could be prosecuted in Newark as
 well as Mt. Vernon. Three drunks
 drew nominal fines.

Advertise Special Trains.
 The Marion County fair is to be
 held next week and five bands have
 been engaged for the occasion. The
 chief attraction this year in the way
 of amusement will be a wild west
 show which carries four car loads of
 horses, cattle and equipment and also
 has a fifteen piece Italian band. The
 Marion fair is one of the best in the
 state and the railroads are advertis-
 ing special trains.

To Take Vacation.
 Wallace Diment of the Diment
 Candy stores, will leave Sunday
 night for a week's vacation spending
 his time at his mother's home in
 Clyde, O., and will also attend the
 Fremont fair, where his brother has
 a fast horse entered in the free-for-
 all trot and another in the 2:14
 pace. Mr. Diment will also assist in
 arranging for the shipment of the
 cabbage on his mother's farm. He
 will also take an auto trip to Sandusky,
 Port Clinton and Catawba Island in
 his mother's touring car and at the
 latter place will contract for several
 tons of grapes which will be used in
 making wine.

Activism in Dogs.
 Dogs, probably the earliest of do-
 mesticated animals, when transferred
 to a tropical country, such as central
 Africa, lose in a few generations most
 of the characteristics they have ac-
 quired in Europe, and revert more
 and more to the type of the jackal and
 the wolf. Then their ears, whatever their
 breed, tend to become pointed, their
 coats turn sandy or rufous and their
 bark becomes a howl. Some attempt
 has been made to show that this is
 the result of disease and resembles
 the effect of malaria on the human
 constitution. Yet the Egyptian dog
 of pharaonic times possessed, as is seen
 by the monuments, these very char-
 acteristics, and as he was certainly
 domesticated before the European an-
 imal it is probable that these are ori-
 ginal features of the race.—New York
 Sun.

English Schoolboy "Howlers."
 The following answers were given in
 an examination in an English school:
 "James the First claimed the throne
 of England through his grandmother
 because he had no father."
 "Monarchy is the state in which a
 man has but one wife."
 "John of Arc was the wife of Noah."
 "Julius Caesar had a cadaverous ap-
 petite, and before he died ate two
 brutes."
 "The London parks the law of
 gravity is twelve miles an hour."
 "Gastronomy is the study of the
 stars and heavenly lights."
 "Quinine is the bark of a tree; cashe-
 ro is the bark of a dog."
 "The Mediterranean and the Red sea
 are connected by the Suez canal."
 London Globe.

Mouth of a Whale.
 The whale rarely, if ever, swallows
 anything larger than a herring. Al-
 though the head is of enormous size,
 from one-quarter to one-third the length
 of the body, and the mouth opens to
 twenty feet long and six to eight feet
 wide, the opening of the gullet is not
 larger than a man's fist.

Sweet Oil.
 "Gertie," said a mother to her five-
 year old daughter, "here's a dime. Run
 down to the drug store and get me a
 bottle of sweet oil."
 Gertie started down the street, but
 soon came running back to ask, "About
 how sweet do you want it, mamma?"

IF BILIOUS, SICK
OR CONSTIPATED
TAKE CASCARETS

Get a 10-cent box now.
 You're bilious! You have a throbbing
 sensation in your head, a bad
 taste in your mouth, your eyes burn,
 your skin is yellow, with dark rings
 under your eyes; your lips are parched.
 No wonder you feel ugly, mean and
 ill-tempered. Your system is full of
 bile not properly passed off, and what
 you need is a cleansing up inside.
 Don't continue being a bilious nuisance
 to yourself and those who love you,
 and don't resort to harsh physics that
 irritate and injure. Remember
 that most disorders of the stomach,
 liver and bowels are cured by morning
 with gentle, thorough Cascarets—be-
 work while you sleep. A 10-cent box
 from your druggist will keep your liver
 and bowels clean; stomach sweet,
 and your head clear for months. Chil-
 dren love to take Cascarets because
 they taste good and never gripe or
 sicken.

HARBOR BILL
FILIBUSTER A
STUBBORN ONE

SENATOR BURTON HOLDS THE
FLOOR ALTHOUGH NEARLY
EXHAUSTED.

Slept an Hour and Drank Coffee to
Keep His Feet—All Night
Session.

(Associated Press Telegram)
 Washington, Sept. 19.—The day
 and night fight on the river and har-
 bor bill in the senate showed signs
 of a break today with victory for the
 filibustering Republicans, when it
 became known that President Wilson
 favored abandoning the bill and sub-
 stituting a new resolution to appro-
 priate \$12,000,000 to \$15,000,000 to
 continue only those projects under
 way.

The original bill proposed \$53,
 000,000.
 Officials said the president believed
 the bill should be abandoned in its
 present form because government
 revenues, already falling off, because
 of the European war, must be sup-
 plemented by a war tax.

The economy measure will extend
 all along the line, even increases in
 salaries to officials will be abandon-
 ed.

About 9 o'clock this morning a
 few senators returned from their
 homes. A deputy sergeant-at-arms
 reported that the only absent senator
 who had failed to obey the order for
 attendance, was William Alben Smith
 of Michigan. When awakened at his
 home by the officer, Senator Smith
 declared he would not respond be-
 cause he had learned that a quorum
 was present and his presence was not
 imperative. On motion of Senator
 Simmons, four additional assistant
 sergeants-at-arms were appointed
 and directed to again scour the city
 for senators who had responded to
 calls during the night but had again
 disappeared.

Majority Leader Kern returned after
 a brief rest and Senator Luke
 Lea of Tennessee, took up the task of
 presiding officer.

Senator Burton, refreshed by one
 hour's sleep and some coffee and
 eggs, which he declared he "had to
 fight for" in the senate restaurant,
 returned to the chamber. About the
 same time Senator Smith arrived and
 made his peace with the sergeant-at-
 arms.

"Handcuffed as we are we will
 fight on all day and all night and
 Sunday if necessary," said Senator
 Burton. "Senator Bristow is away.
 Senator Norris sick. Senator Borah
 is not here. But I am still on my
 feet and am going back to take up
 the struggle."

About noon Senator Norris limped
 into the chamber leaning on a cane.
 Senators Burton and Kenyon greeted
 him with open arms. The Nebraska
 senator assured them his injured leg
 did not affect his voice, and that he
 would help out in the fight. Soon,
 however, the filibusters got a rest,
 consenting to let the majority take
 up the readings of the bill item by
 item with the understanding that
 there would be no limitation on
 amendments. The Democratic sena-
 tors sought information on the presi-
 dent's position, and declared they
 would meanwhile continue the fight
 for the bill.

Through a dreary, continuous ses-
 sion, the senate today dragged its
 weary way in an effort to break the
 stubborn filibuster against the river
 and harbor bill conducted by Sena-
 tors Burton and Kenyon, and other
 opponents of the measure.

It was a red-eyed, bedraggled sena-
 te that sat in solemn silence and
 listened to interminable criticisms of
 the measure today for the senate was
 suffering from the effects of an all-
 night session.

Senator Burton held the floor and
 spoke sometimes to an almost empty
 chamber, and whenever he could, to
 a full attendance brought by a care-
 fully engineered demand for a
 quorum.

Several times a roll call failed to
 bring enough senators to do business
 and a squad of deputy sergeant-at-
 arms, bearing writs of arrest, started
 out in taxicabs to bring in the ab-
 sent members.

 year old daughter, "here's a dime. Run
 down to the drug store and get me a

NEW LESSEE
OPENS ORPHEUM
NEXT WEDNESDAY

General Film Pictures to be Shown
 and Music Under Mr. Will
 Reynolds' Direction.

Mr. Geo. A. Siebanalter, the new
 lessee of the Orpheum theater who
 returned from Cincinnati last night,
 announces that the Arcade play-
 house will be opened next Wednes-
 day, September 23, with General
 Film Company pictures of the best
 grade.

Mr. Siebanalter says that two
 new power 6 A machines will reach
 Newark Monday for use at the Or-
 pheum and the pictures will be pro-
 jected upon a new gold fibre screen.
 The Orpheum music will be under
 the direction of Mr. Will Reynolds,
 leader of the Buckeye band.

Mr. Siebanalter has been success-
 fully operating the Grand Photo play
 theater at Massillon, Ohio. He re-
 cently sold the Massillon playhouse
 and bought the Orpheum and am-
 company's lessee on the Orpheum.
 He is an experienced man and comes
 to Newark very highly recom-
 mended.

First Best Extract Factory.
 Something over a hundred years ago
 the hacendados (ranchmen) of Uruguay
 complained to the government that
 over 450,000 head of cattle were being
 killed annually for their hides alone.
 The carcasses were thrown to the dogs
 or left on the rolling prairies for the
 vultures to devour. Beef in Uruguay
 was so plentiful that it was something
 of a nuisance evidently. Of course
 that day has passed, but they still have
 cattle enough down there to convert
 some 700,000 head into 112,000,000
 pounds of jerked beef in one year,
 most of which is sold to Brazil, Cuba,
 Porto Rico and other tropical countries.
 Perhaps but few people know that the
 first great factory for the production of
 beef extract was established at Fray
 Bentos, a little city on the Uruguay
 river about a hundred miles above
 Buenos Aires, the cosmopolitan capital
 of Argentina, and that it is still oper-
 ating. Fray Bentos has been called
 the greatest kitchen in the world. On
 some days 2,500 head of cattle are
 slaughtered.—Argentinian.

Theater Headaches.
 The most frequent cause of head-
 aches occurring during or after the
 theater is eye strain. People who use
 the full energy of the delicate eye
 muscles to obtain perfect vision are
 often unconscious of this strain. In

CHAPEL

EXERCISES, FIRST OF DENISON COLLEGE YEAR, HELD IN BAPTIST CHURCH

Dr. C. J. Baldwin Arrived on Last- tania from Europe—Gran- ville News Notes.

(Special to The Advocate)

Granville, Sept. 15.—The first gen- eral chapel exercise of the year was held in the Baptist church yesterday forenoon at 11:30, with the president, Dr. C. W. Chamberlain, and the pas- tor, Rev. Millard Brelsford, occupying the platform. Miss Brown, the suc- cessor of Miss Benedict, presided at the organ, Mr. Preston, the newly elected voice teacher, sang a tenor solo; the president, following his devotional ex- ercises, made a few remarks appropri- ate to the occasion, and introduced the pastor of the church, who in a few well chosen sentences, welcomed the young people to a place in his congre- gation, or recommended them at least to find a place among the other churches, with which they already might be connected. To the casual observer, every seat in the big audi- torium seemed to be filled, and the mere sight of all these young people was inspiring. Dr. Chamberlain con- ducts chapel services in the church along strictly devotional lines, all business and social amusements being relegated to the bulletin board.

Dr. James F. Baldwin of Vassar college, son of Dr. C. J. Baldwin of this place, landed yesterday from the Lusitania after a summer in England. The members of the Y. W. C. A. gave the annual reception to the new girls last evening in Stone Hall, which was well attended and thor- oughly enjoyed. Mrs. Clark W. Chamberlain, Miss Peckham, Miss Ferrar, Mrs. Finley, Miss Sefton, and the new members of the conservatory faculty were among those present.

The ladies of the local chapter of the W. C. T. U. who are contributing so generously and self-denyingly to the cause of temperance, are to be con- gratulated on the success of the sup- per given last evening in the Presby- terian church. The attendance ex- ceeded expectation, the supper was excellent, the tables beautifully de- corated, and the service beyond criti- cism. The chairman of the commit- tee, Mrs. Wm. Howe, was sure that a neat sum would be realized.

Mr. Burton Case announces that the last bushel of peaches from his or- chards has been picked for this year. He thanks his patrons for their cour- tesy, and their interest in the results of his horticultural experiments.

The theme of the sermon in the Presbyterian church tomorrow morn- ing will be the "White Cross." At the evening service the Rev. Don D. Tullis of Newark will relate "A Great Hun- man Story of the Two Crosses."

At the Baptist church the evening lecture by the pastor will be on the topic, "The Battle at Our Gates." It is sure to be a rousing discourse, which all will enjoy and to which all will be welcome.

St. Luke's church will open tomor- row with morning prayer, and sermon at 10 o'clock. Mr. E. P. Bradstreet, Jr., of Bexley Divinity school, Kenyon college, will be in charge.

Rev. D. C. Gilmore of Burma will occupy the pulpit of the Methodist church tomorrow morning and even- ing.

The primary Sabbath school of the Baptist church, under the leadership of Mrs. Robert Biggs, enjoyed a deli- cious hay-ride picnic yesterday.

Miss Dorothy Swartz, who has spent several weeks visiting friends in Dayton and Xenia, has returned home. At the W. C. T. U. supper last even- ing in the Presbyterian church, Mrs. M. L. King was the gracious hostess of a congenial party of six ladies: Mrs. Colwell, Mrs. Swartz, Mrs. John Robinson, Miss Humphreys, Miss Shel- don.

Miss Howland has completed a suc- cessful term as leader of the summer choir in the Baptist church. Tomor- row the music will be in charge of Mr. Karl Eschelman, director of Denison Conservatory, who has consented to

ROOSEVELT

OPENS THE PROGRESSIVE CAM- PAIGN IN KANSAS, WITH A SPEECH AT WICHITA.

He says That Labor Question Can Only Be Settled By Adopting His Policy.

(ASSOCIATED PRESS TELEGRAM)

Wichita, Kan., Sept. 15.—Colonel Theodore Roosevelt, reaching here today, expected to begin a rapid tour through Kansas in the interest of the progressive party.

Three addresses have been sched- uled, one here today, another in Hutchinson tonight and a third in Kansas City, Kas., Monday night. Further speeches in the state have been forbidden by the Colonel's phys- ician. From Kansas City, Kas., Mr. Roosevelt will go to Lincoln, Neb., to speak.

It was planned to ask Roosevelt to make short speeches in several towns through which the special car- rying the party, including O. K. Davis, secretary of the Progressive National Commission was to pass, but it was believed these requests would be refused.

Colonel Roosevelt elucidated his po- sition on important subjects of legisla- tion. He discussed the relations of capital and labor at some length, pointing to the Colorado labor trou- bles as illustrating the failure of na- tional and state governments to en- act and enforce effective laws, and pointed to the New York, New Haven and Hartford railroad scandal as an example of capital gone wrong in the absence of proper governmental con- trol.

Business, he asserted, is entitled to its profits, and we must learn to ac- cept the principle of combinations of capital as of the highest economic value. But this acceptance, he insisted, must carry with it a fair share of the profit to the employer. The in- dustrial situation has greatly changed in the last twenty-five years, he said, for whereas at the beginning of the period mentioned only about 25 per cent of the people were employees, at this time he said half of them live on their wages. He quoted, "Dooley" in illustration, "Jefferson was a good man," said Dooley, "but he lived be- fore the days of open plumbing."

Congressmen erred in defeating re- form measures proposed by progres- sives, the speaker asserted, mention- ing the Muckel trust bills, the tariff commission bill, the federal employ- ment bureau bill and the bill for the abolition of child labor, as measures which he said were blocked by op- ponents of the progressives.

This opposition, he said, emphasized "the need of our demand for a reform of the political machinery, notably the system of the presidential nominating system. Expanding the labor theme, Col. Roosevelt said:

"There must be full participation in the industry of the three big fac- tors—adequate capital, successful man- agement, and highly paid and highly efficient labor. There must be full and ungrudging recognition of labor's rights in industry, and on the other hand no less recognition by labor of its responsibility as to output and its share in the responsibility to the pub- lic for stability and peace in indus- try."

"We often have to face a situation in which both sides have done wrong, although one has done more wrong than the other. In such cases, govern- ment authorities should interfere, do- ing impartial justice to both, and ex- acting justice from both."

Col. Roosevelt declared the men re- sponsible for the management of the Colorado Fuel and Iron company in- sist on their selfish and autocratic rights to manage the business as they seem best and that it had been con- ducted exclusively for the rights of the public or the wage earners.

Referring to the violence accompan- ying the strike, "on the part of the employees and probably on the part of the agents of the employer," he de- clared:

"Such lawlessness and brutal vio- lence must be put down by the strong hand of the law and obedience to the law must be exacted not as a favor but as a right."

"Everyone should belong to the party of law and order. But there can be no permanent reign of law and order unless it is based on the results on the rights of justice. It is the duty of the state, the duty of the govern- ment to put down rioting, lawlessness and violence, whether by the strikers, or agents of corporations."

"When employers show themselves as callous to public needs, as short- sighted and as greedy of their own profit without regard to the welfare of the wage-worker, or of the people at large, as has been the case in the Col- orado Fuel and Iron company and the

New York, New Haven and Hartford railway company, it is essential that the people of the country shall be able through the exercise of their collec- tive power to remedy the wrong- doing."

The Colonel said he believed in full recognition of the corporation as well as the trade union, but did not be- lieve in imposing responsibility upon unions in such a way as to cause them to lose the power they have.

The Colonel emphasized his belief that every wise employer or corpora- tion should recognize the right of men working for wages to bargain collec- tively, whenever and so far as they desire, and in the form which they desire.

"We must turn the laborer into a capitalist, giving him a share in the profits, and management of the in- dustry. We must give not nominally but genuinely, the wage-workers the same right to combine which business men obtain through corporations."

ROOSEVELT'S ITINERARY IN OHIO PLANNED.

(ASSOCIATED PRESS TELEGRAM) Toledo, O., Sept. 15.—Colonel Theodore Roosevelt's complete Ohio itinerary was announced today by Progressive State Chairman Walter F. Brown.

Col. Roosevelt will come to Ohio at the completion of his tour further west, Sunday morning, Sept. 27, and will stop at Cleveland. He will spend the day with James R. Garfield, progressive candidate for gov- ernor and Arthur I. Garford, Pro- gressive candidate for United States senator, at Garfield's home at Mentor.

He will then leave Cleveland at 12:30 Monday for Columbus, where he will speak at a meeting Monday evening. He will leave Columbus Tuesday morning for Bay City, Mich., stopping several hours in Toledo. At Bay City he will address the Pro- gressive state convention Sept. 30.

DEMOCRATIC CLUB BUSINESS MEETING FRIDAY EVENING

An adjourned session of the Lick- ing County Democratic club was held Friday evening at their quarters in South Third street, it being purely a business meeting. Prof. O. C. Larson presided and in his open- ing remarks stated that a rosy view of political conditions was being taken by all Democrats familiar with the situation over the county. He was optimistic regarding the approach- ing election and predicted the trium- phant re-election of Gov. James M. Cox and the entire Democratic county ticket.

Campaign plans were discussed by the various members of the club and a number of good things were sug- gested. Secretary Roderic Jones, Secretary of the Executive committee Ralph Priest, Hon. W. D. Fulton, John Baird and a number of others made brief remarks after which the proposed visit of Gov. Cox to Licking county next Wednesday was taken up and plans formulated for raising meetings at the township house in Franklin township, at Gratot and Toboso in the morning and at Falls- burg, Rocky Fork school and Purity in the afternoon and at Ulica in the evening.

The governor will be accompanied on his itinerary over the county by at least twenty to twenty-five auto- loads from this city, Alexandria and Johnstown. Dinner will be served at Toboso and the party will take sup- per at Ulica. An agricultural expert from the state department will also accompany the party and will enter- tain the crowds before the governor's arrival with short talks on farming. If the weather conditions are favor- able large crowds will undoubtedly turn out at every place scheduled for an address.

WOMAN EIGHTY FILES A SUIT FOR DIVORCE

SHE ALLEGES THAT HER HUS- BAND KNOCKED HER DOWN WITH PITCHFORK

Boy Home on Furlough—Com- missioners Inspect License— Court News.

Nancy Brownfield, aged 80 years, has filed suit for divorce against her husband Elmer Brownfield, to whom she was married on last Decoration Day, May 30.

Mrs. Brownfield alleges in her pe- tition that her husband is cruel and reckless an instance when he came to her home and endeavored to carry away some of her personal effects and that when she objected he struck her down. She also alleges that he is a cross and fault-finding because she will not mortgage her property so that he may obtain the money, she asks for alimony and an injunction re-

straining the defendant from interfer- ing with her property.

On Inspection Tour. Commissioners Jones, Dunn and Orr left Saturday morning for Washing- ton township to inspect several roads and a number of bridges. The com- missioners have been quite busy al- most the entire week on work of a like nature. Quite a few bridges over the county are in need of repairs and overhauling.

On Visit Home. Miller Varner of this city, a student at the Box Industrial School at Lan- caster is home on a furlough to visit his mother, who has been seriously ill. Miller was brought from Lancaster by juvenile officer John Dwyer, who took the time to leave his duties to look after the lad.

Anderson Will Filed. The will of Charles F. Anderson de- ceased, a former Upper Sandusky boy, who was found dead along the Pan- handle tracks near Newark, September 11, has been filed in Wyandot probate court. It was made at Washington September 8. The depositions by a Washington attorney. The estate is one of the largest administered in Wy- andot county in recent years, it is said.

MISUNDERSTANDINGS

Have cost the lives of regiments. The fatal charge of the Light Brigade was due to orders misunderstood. The best general in the world can be de- feated if his orders are not properly carried out.

The doctor who writes your prescrip- tion is a general whose purpose may be defeated by a misunderstanding of his orders or disobedience to them.

Such misunderstandings may cost your life. We are trained to under- stand and obey in prescription filling. We give just what the doctor calls for without change, alteration or sub- stitution, and we give it in the best and purest form known to the trade.
